

PATHWAYS

Your road to discovery and
meaning on the
High Holy Days

Ushering in this season of meaning, rooted in reflection, the PATHWAYS service provides a warm, spiritual environment in which you are invited to engage personally in deepening your High Holy Day experience. The service provides an alternative, guided experience with a fully transliterated prayer book, guitar-led music, ample explanation and dialogue, as well as participation by all. Join us for this “up close and personal” holiday experience.
